## The Storm C Series 의 특징

- C30의 특징

- 1) 가장 진보된 레이저 마킹 기술
- 2) 긴 수명시간 (일반적으로 4만 시간 정도 사용)
- 3) 낮은 운용비용 (Lamp, Filter 등 소모품 없음)
- 4) 광학 얼라인먼트, 크리닝 등 No Maintenance
- 5) 장비 고장 발생시 쉬운, 교체 및 A/S (각부의 모듈화 실현)
- 6) Air Cooling type이므로 Chiller가 필요 없음.
- 7) Scanlab, Synlad 부품의 뛰어난 품질

## 장비 소개 – CO2 30W

### The Storm C Series

- Output 10/25/30/50/60W
- 1 – 50 kHz, operation frequency
- up to 600 characters per second
- no maintenance
- Air-cooled
- low operation cost
- long diode life time (40,000hours)
- excellent Contrast Quality

## 장비 소개 – CO2 30W

### CO2 Storm Option

- Multi Head
- Dual Head
- UP&Down Safety Door
- On The Fly Marking
- Z-Axis Automatic Marking
- A.I Program Direct Marking
- Printing Driver
- Automatic Hadler System
- Rotary Marking
- Index Marking
- Table

## 장비 소개 – The Storm C30

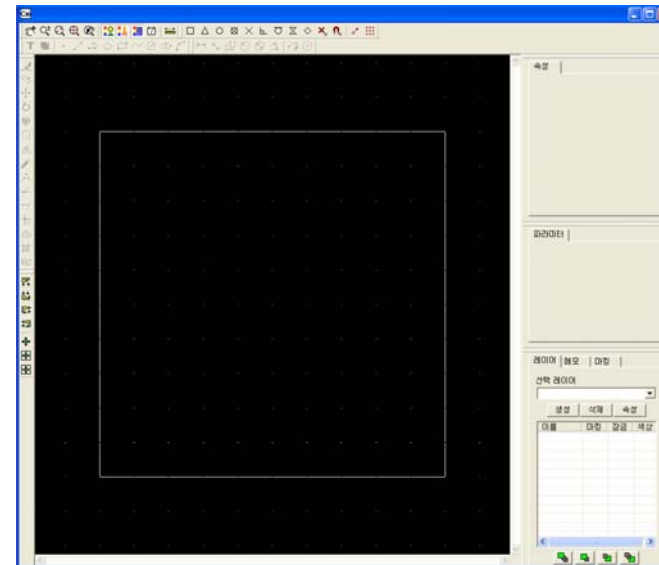

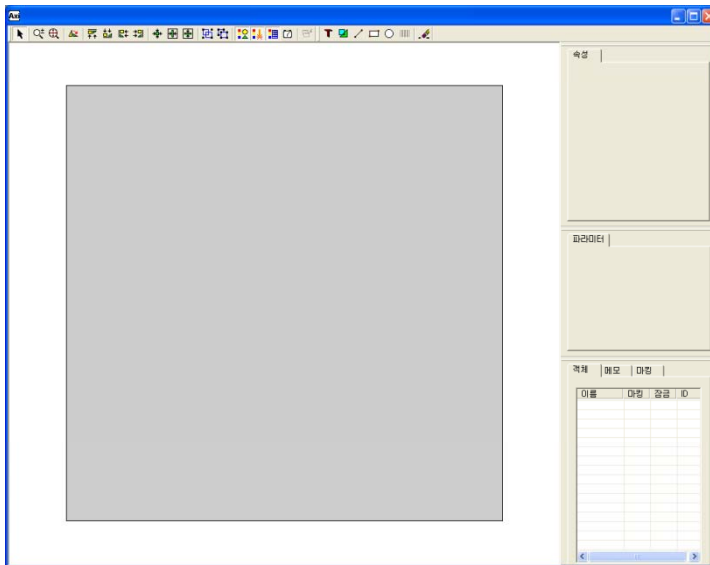

### C30 Specification

- **Laser Source : CO2 Laser Max. Output 30W**
- **Marking Head : Single Head**
- **Marking Speed : up to 600 characters/sec.**
- **Marking Area : 100mm x 100mm**
- **Component: Laser Source (Synlad), Scanner Motor (Scanlab) Made by Germany**
- **Cooler : Air Cooling**
- **Controller : Control PC, Windows 7, Dual Core, 4GB RAM, 500GB HDD**
- **Warranty : All Part 1 year, (Laser Diode 2year)**
- **A/S : 1Day Replacement**

장비 소개 - CO2 30W

## ● Software

: 자체 제작 마킹 프로그램

## TAXI Software

- Main GUI Mode, CAD Edit Mode Conversion
- Auto Diagnostic Alarm
- Multi layer, Multi Parameter, Auto hardware communication
